

What are the benefits of filling out my medical history online?

Secure

www.OneMP.com is a secure site; your medical history will be safeguarded. The site also complies with the federal guidelines for protecting patients' personal medical information (known as HIPAA, Health Insurance Portability and Accountability Act).

Convenient and always available

One Medical Passport is a web site, which means that you can enter your information at any time and from any location with Internet access. You will be able to print out a copy of your history after you create it. Once you have completed your history you can access it from anywhere in the world.

Saves time

A nurse will review your online medical history to determine if you need to be seen in person prior to surgery. Many patients who complete their medical history online will not need to come in for surgery pre-assessment.

Easy to use

The One Medical Passport site includes easy-to-follow instructions, and live online help is just a click away if you have questions.

Updated easily

If you ever have another surgery or medical procedure at NSMC, you can go online and quickly update your medical history at **www.OneMP.com** as needed.

COMPLETE YOUR MEDICAL HISTORY

Gather necessary information

- Your health insurance information.
- The name(s), address(es) and phone number(s) of your physician(s).
- All medications you are taking (you'll need the exact names and dosages of all medications).
- A list of all surgical procedures you've ever had, along with approximate dates of the procedures.
- Call your surgeon's office to get your physician's One Medical Passport ID number (see below) and confirm the facility where the procedure will take place.

Go online to enter your information

- Type **www.OneMP.com** into your Web browser.
- Click the register button if this is your first time using One Medical Passport, or enter your user name and password if you have already registered with One MP.
- Enter the correct medical facility ID number where your surgery will take place:
[NSMC Salem Hospital = 000048](#)
[NSMC Union Hospital = 000052](#)
- Enter the surgical procedure information and the name and the One Medical Passport ID number of your surgeon.
